

BUSINESS TIP 0014

JUMP START YOUR BUSINESS!

If your business qualifies as a small to medium enterprise (ask a CENTER), there is an easy way for you to jump start your business (without debt!) in this sluggish economy!

- 1) Join the Internet Catalogue Club - \$25 cost.
- 2) Determine how much capital your business needs.
- 3) Obtain a Mortgage Busting Team Membership equal in value to 1% of the 'required capital'; if you cannot afford this, a work payment program may be arranged.
- 4) Arrange for a MBTM Corporate Member to execute a Purchase Order, pre-paying delivery of products/services from your business - providing 'required capital' as profit.
